Newsletter - Anonimity

Reading the latest NEWSLETTER,I find the anonimity of the Coffee Club Officials and members unfortunate in that we older Club members who are not members of the Coffee Club might well be interested in the health of those we have known for some years. In the same vein, it would be interesting to know who is the Vice Chairman of the Friends of the Nothe Gardens. I am glad the Club is liasing with the Friends - my car was vandalised some years ago in the car park above the steps and anything that helps to reduce vandalism up there is very welcome.

Just to update as far as the health of certain members are concerned, Len Staff was as bright as a button. He was let out of hospital for a few hours to attend, he looks well.

Paul Hare is keeping the Club updated on what's happening in the 'Friends of the Nothe' group. You can contact him at paul.hare@btinternet.com
The group is now using our premises for their meetings and have a small noticeboard just inside our front door.
